

2020/21 Student Registration

Hello Scorpions!

Student registration will be completed digitally for the upcoming 2020-21 school year. The following information will help parents and students understand the process and be aware of important dates.

On or after **July 6th**, parents will need to go through the MyWeber Portal (<https://myweber.wsd.net>), and review their student's school registration forms/information. Both the parent and student must digitally sign both school and district documents to continue through the online processes.

On or after **July 20th**, **registration fees** and **class fees** may be paid online. Payment of class fees (only) can be postponed until school starts, if preferred. Paying fees is the final step of the online registration processes and cannot be completed until all necessary online documents have been digitally signed.

The following documents and forms will still need to be mailed to/dropped off at the school:

- Student Medical Information
- Fee Waiver Application
- Community Council Application
- Special Services Form (if applicable)

On or after **Aug. 5th**, parents who have paid for **registration fees** online may go into MyWeber and print off their student's class schedule. **Student schedules cannot be accessed/printed off until at least the registration fees have been paid online.** Parents may also drop off payment at Sand Ridge and registrars can manually ensure that their student's schedules are available on Aug. 5th, as well (as long as the parent has a MyWeber account).

Please call the main office if you have any questions. 801.476.5320

Thank you,
