Dirk Moore expressed that Canvas has been a great tool to help teach the Students and it saves time. Teachers were all able to take a Canvas Class before school started to help them. Teachers were google Certified last year and Canvas certified this year. Things will keep getting better and better. We have put together a Team of Teachers to help prepare for the beginning of School. This included flow of traffic, what sort of signs to hang and what lunches and between classes would look like. Teachers created lessons on how things would run this School year so that we could be Safe. Custodians were provided special cleaner to use each night and also trained on what to do if we have a positive case in our building. Our point of Contact is our School Nurse Marie Evans.
